## ANALYSIS & FINDINGS

The vase features a traditional blue-and-white decor with floral and abstract motifs typical of Chinese ceramics. The cylindrical form is common for Chinese vases of the 19th century. The base shows considerable wear and discolouration which may indicate age, but there are no clear marks visible to confirm authenticity. The object is in fair condition with some chipping to the rim. Further investigation, such as a UV or XRF test, is recommended to confirm authenticity and dating.

## POSITIVE INDICATORS

- + Traditional blue-and-white decor
- + Cylindrical form consistent with Chinese vases

## RISK FACTORS

- ! No clear marks visible
- ! Wear and discolouration on the base
